

#### **14-FEB-2021\_a conduit all the time**

(Jesus speaking: ) Be a conduit for Me all the time. I can speak to you about everything and anything, and you can do the same with Me. We can truly walk with each other in all aspects of life. My coaches can guide you in what to say or do in any circumstances, and it's truly important that they do be allowed to.

*(Note: In the above message it talks about the angels helping to coach and guide us in what to say. While on a walk alone, I asked for someone in the spirit to tell me what love words to say to Jesus. What would He like to hear? And since they pass on my words to Jesus, what would they like to say that I said? Then the love words came, one line at a time. I'd hear, and then I'd repeat them in my mind, saying them to Jesus. It was such a nice time of loving with words. Then the Lord responded with what He wanted me to do when I returned to the house ... to love with Him. ... Then He gave me the above "valentine" message. ... looking at His picture I had precious real loving. ...Then it was time to love Him by fighting. And so He gave me the strength to stand and proof read and pass on lot of prophecy messages. Every moment I wanted to go to bed, but also I very much wanted to pass these things on. So He helped me to fight and not give up. I went to sleep then around 1:00 am. And that is how we said we loved each other.)*
