(Jesus speaking:) I came to you in the best form I have. For if I want to visit with touching more than your Earthly type of senses, but want to penetrate each part of your soul, then I must use the conduit of the Word, My Word. This has the power to “visit” with each part of you—if you read and absorb enough, so you get to have all parts of you touched. I came to be with you in a way you would most benefit from.

I am not selfish. There is nothing I do that is for Me primarily, and is to your hurt. I see what you truly do need, not just what your lips are saying. Just like you do with the children. You look past behaviour to see what the true need is. So do I do with you. I love to take very good, exceptional care of you.
