(Jesus speaking:) That's why you have to have My Word running through your veins, and be so pumped up on it, you can't help but pour it out in great abundance on others. Those full of My Word and truth are the ones who can help create of this new world what it needs to be. You have to be pouring out the life giving flow so this world and its people can be sprung back into new life. You have to be as empty of the ways of this world as you can be, or you'd only be half a help.

What percentage you are filled with My Word and truth, that is the percent that you will be of use to Me in setting up My Kingdom on Earth. Full power gets the job done quickly and efficiently. Open wide, and let Me slide into your vessel all that I'd like to fill you with. The more you are filled with the truth, the more potent you are and effective you are for snapping things back in to shape again.
