(Delightina speaking:) I'm here to make sure you are enjoying the journey. There are lots of special things that I can point out along the way. This way you learn more.

I love being near to you, and enjoying the ride with you. Take me along as you would the supplies you need for a journey. Keep me as a book that tells of all the hot spots and best places to see on a trip. Keep me as you would a container that is filled with tasty treats to give you sustenance. Hold to me as you would a map that shows where the mountains and roads are, things you need not miss. Keep me as a notebook to write the good things that happen to you along the way. An audio guide that tells this or that to a tour group, is what I can be like for you.

Keep a look out for the good, and I'll be sure that you spot things. I'll help you avoid the rod of reproof if you listen to the praiseful and positive things I can help you notice and "think on".
