

6-Jan-2021-igniting extasy

(Spirit helper speaking:) Baby I can bring to life anything cold in your life. Things thought non-flammable, boom, I can ignite them to a crisp. I can bring fire anywhere and to anything. Burn, baby burn for Jesus. That is to say, feel a passion stronger than fire, lighter than the air that fans a flame, more intense than the heat you feel from coals. Burn, ignite and desire Him more than anything. This is true and intense pleasurable satisfaction for me.

When you are hot on His trail, wanting Him, mmm, I want you too, and I get you too. He gives you to me to love and love with again and again. I've accomplished my task of lighting a fire in you for your Lord and Maker, Redeemer and Lover, and I get to have pure igniting extasy. And so do you. You get more than you bargained for, more than you thought you'd get.

And it doesn't end with one time of rewarding, energizing heavenly extasy. No, it's for good, it's forever. Love is forever. Why do we fight for our "prize" so hard? We get to keep it. You get to be always a part of our existence. As long as we are "in Christ" and are a part of Him, we get to enjoy our reward. We're not just a fly by night and leave. When the end comes, the end of what you are enduring there, then starts the joy and it's going to go on for quite some time.

Let's all make it safely through this time of intense battles and testings, so we can go on and on enjoying ecstasies of the mercies and goodness of the Lord forever.

Always with you.

On names to call for getting these things from messages:

(Jesus speaking:) It's time for the no name, "only Christ's name" variety. Keys to call on instead. If you want a name, I can give you one, as it might help you to connect better with a helper. But get the "address and number" of their key call too, that when you call, they come and respond. So on the above message, on "Ignite" the key call is "obedience" that is molding to Me, loving with Me, being one with Me.
