

8-Jan-2021_prophecy parts to a powerful machine

(Spirit helper speaking:) ...Now comes the real fun part, when our joy is fulfilled in part—in part I say for there is more to come beyond the veil. But as we are able to pour out the Lord’s liquid fuel into your vessel, so is our joy filled.

Come into the tabernacle of endless pleasures, for desiring His Words makes you eligible. Come and be filled time and again. Pleasure, penetration, penis, potency, empowerment, and “palavras” words of David “go” together, and “come together” to make a powerful mix, that will knock you up to the next level of learning and growing.

You’ve got us going, and we don’t want to stop anytime too soon. Keep at it. Keep wildly taking in the words of the Spirit, the power of the Lord, for it’s going to all fit together, like pieces in a puzzle, yet it’s a powerful machine, really, that is being built, with each word from the Lord being like another part to the machine that is added. When it’s complete you’ll be able to tackle the giants and fight lethargy; it’s a weapon that will aid you in doing, with strength, the work of the Lord. It’s a multifaceted tool, a multifunctional weapon. And nothing can stop the men of faith who hold the empowerment of Heaven within their hands.

To you it merely looks like text, and yet more text to type. But it’s all part of this multi-use weapon for the war in these last days. So keep girding up, day after day, and delight will fill your soul when the victories are won--because of what you heard in the secret place, that is assembled to then arm those in face to face combat in the world.

Don’t take your role lightly, for without doing your part, neither can they. And if they weren’t willing to give their lives to fighting on the Lord’s army, then your efforts would be lost. It takes a team and it takes tools. And you all need each other to play your role, as small or nothing as it seems, because together is how victories are going to be won.
