

## **9-Feb-2021\_He needs lots of loving**

More from the "Seeds of David": Ardina

And that's just a tiny taste of the kind of love sessions that are possible with Jesus and those you can unite with. The more passion your bosom holds for the Master, the greater the climaxes will be. That's just how it is, as the more you give to Him, the more He replies with. He is the creator of the orgasm and has full rights on it, and not one being gets full and deep loving with amazing satisfaction unless they are one with Jesus, and uniting with Him in some way. He then gives the best to those who love Him most ardently.

Get ready for what is to come by "practicing" loving Jesus fervently, ardently, with your whole soul, body, mind, and all. And He'll heap it on you real good one of these days.

Oh, you thought that was good, your sweet love session now? Wait till He starts to "answer your mail" in full, and reply in all the ways He's been wanting to, to your notes and words of love and passion for Him. He's just waiting for the right time and place and opportunity. It'll all come back to you, every bit of love that was passed on to Jesus from your heart and lips and spirit.

He needs lots of loving, and can handle quite a bit.

Yours, in His love.
