

## **DEC-2020\_Join our club**

(Angel speaking: )

Wanna join a club? The coolest club around? We specialise in taking in those who are considered to be the outcasts and scum of the world society, those “too good to be true”, those who are faithful to the King, though it costs them dearly.

Why?

Because that is what we are primarily made up of, people, many many, who put Jesus first and the world last, and suffered terribly at the hand of the world and its sick system. But now it's us who get to laugh, and laugh long and heartily.

Why?

Because we are free! What they tried to use to bind us to them, to make us fear to do anything else but to conform, instead propelled us by expelling us out of their sickening slime. Out we came and free we are.

Call us the “400 Club”, for with 400 clubs of truth--bits of wisdom and words of truth, we'll arm you. Take our advice for it's been tried in the fire, tested and proven to be good and true and can stand the test.

It's a package we put together for you.

Enjoy these clubs of truth.

Join the club and fight for the truth!
