Heaven is the most beautiful place that has ever been made. And guess who it was created for? Someone very special! -You! And all who believe in Jesus God's Son, and have received Him in their hearts and lives.

Heaven is God's place; His City!

In Heaven there will be only joy, and happiness, good health, fun times, beautiful places, fancy places to live in with golden streets and jewels and gorgeous building materials.

In Heaven you'll be able to fly and float. You won't get hurt. You'll be perfectly well then, able to see, hear, talk, walk, sing, move, and have more abilities than even the best athlete ever did.

Maybe you wonder why we can't just go there right now, and instead have to stay around on this world, with all the many troubles that exist—sadness, sickness, difficulties, pain, pollution and accidents.

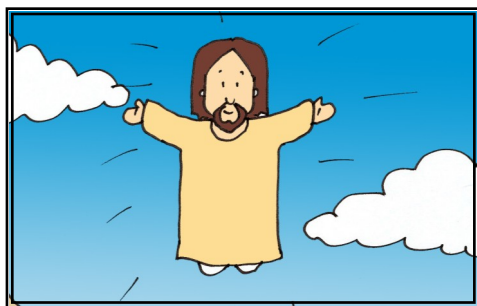

Well, God loves you and each one on Earth so much, and He can hardly wait to make things all nice for you and for others.

God wants as many people as possible to get to come to His wonderful, beautiful city that He's preparing. People need to know about Him, and need to hear about Jesus, and to become a part of His family. God's going to wait just a while longer, in order for many people to hear about the good news of Salvation. Will you help to tell others?

Things in the world will look like they are getting worse for awhile, but those who know Jesus will be strong and have miracles happen in their lives.

And then when the time is right, a wonderful event will take place. Jesus will come back and take us all—all who know and love Him—up to that wonderful place, that Heavenly City.

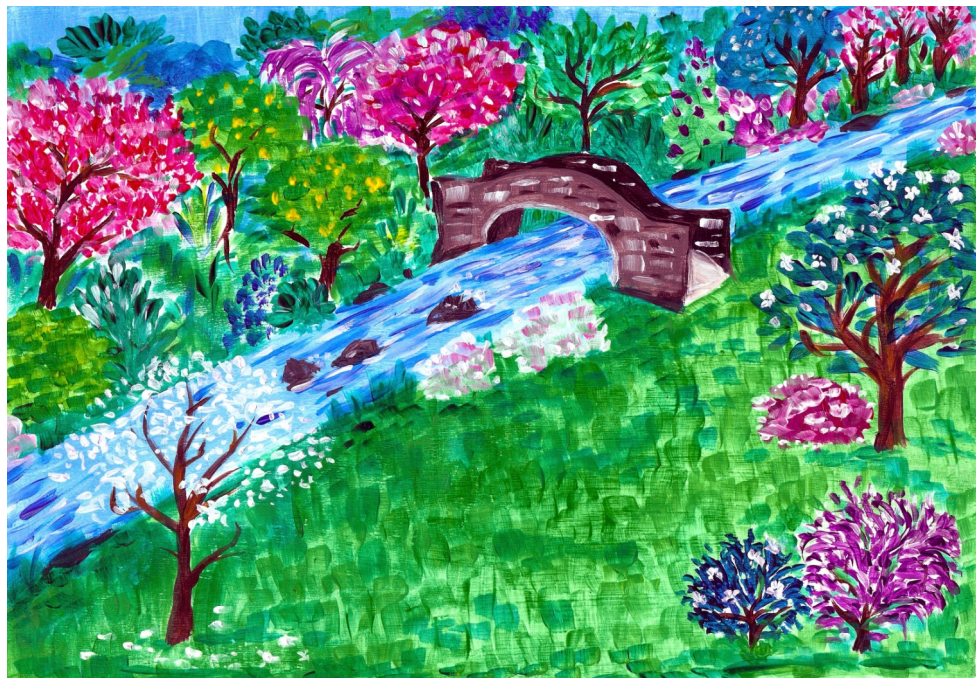

He's coming back, but this time He'll appear in the sky and everyone will see Him.

Those who have already believed in Him and accepted His gift of Salvation will fly up to meet Him in the air. Up to Heaven we'll go, to live with Jesus, our best Friend and Saviour and King—forever.

But if you have already passed away before Jesus comes back to get us, you'll go to Heaven right away. Your Earthly body won't go on forever as it is now, but your spirit—the real you—will live forever. You'll get a new body that lives eternally.

You'll be so very happy in Heaven—especially if you have done your part now, to help spread the good news about Jesus to as many as you can, just like His disciples did.

Will you make Jesus happy, and help to tell many about Him? Get ready for the fun and for the prizes and rewards He is preparing to pass out to us, by doing your best for Jesus now! You'll be so glad you did!

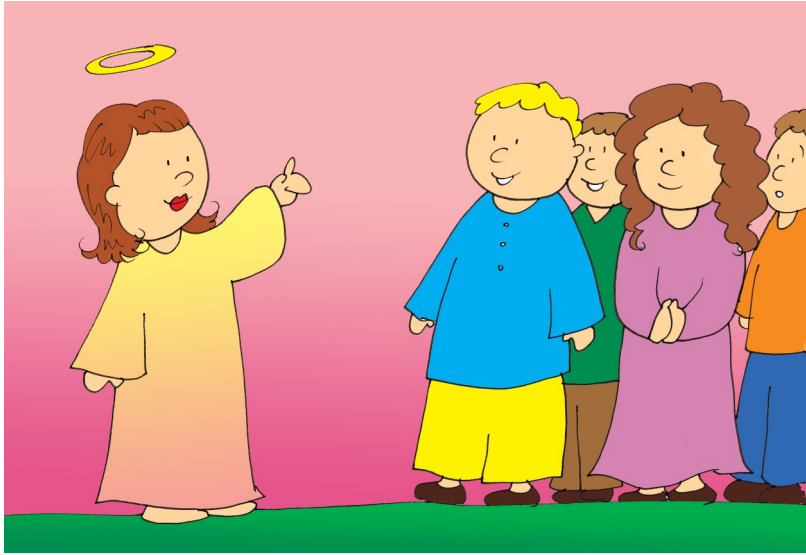

The Bible tells us that the time will come when the whole world will be changed to be nice, clean and safe again. Animals will all be gentle and friendly. Only good plants will grow. Everyone will have enough to live happily and comfortably.

The world will look even more beautiful. Those who love and follow Jesus now, will get to help Him later on. He has a special job for us to do.

For one thousand years, in a time we can call "The Millennium", we will help to teach the people on the Earth how to live in love and how to make good and wise choices.

People will once again live for a very long time. Did you know that during the first two thousand years of the world, before the worldwide flood, that people lived for 800 and 900 and nearly 1,000 years?

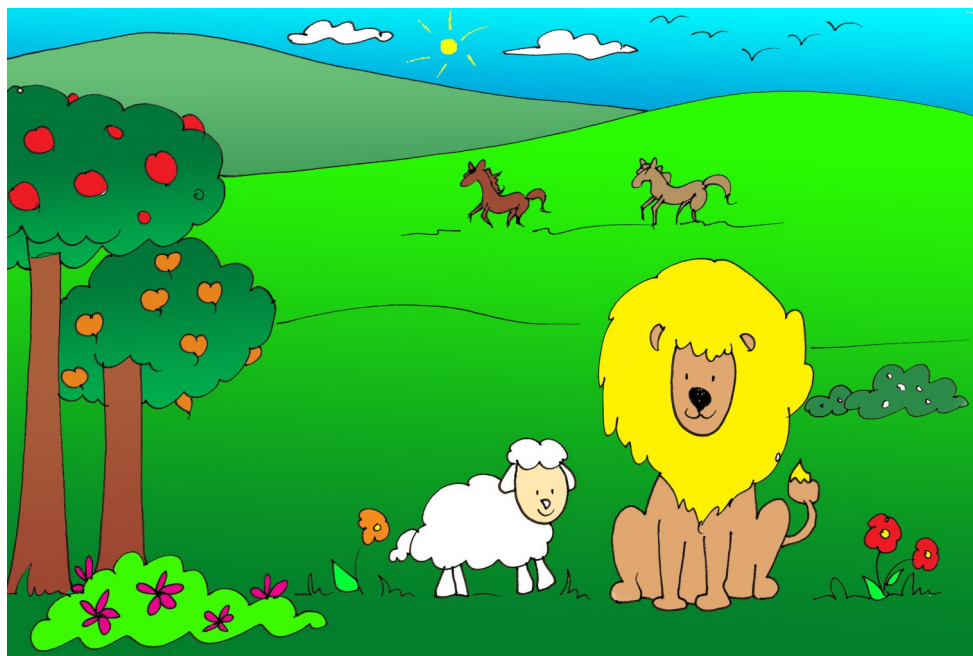

People will once again have very long lives, during this age of peace, the "Millennium". Just think what you could learn and do if you had one thousand years to live?

Jesus will be the King of the Earth then, and people will all learn to obey Him and do things in the right way that will keep the world and all the people on it living happily.

Those who are citizens of the Heavenly City can go and come as they wish, and can visit those on Earth to help the people living there, and return to their special place in the shining golden City!

This is only the beginning of the great things that are to come. It won't be long now! Jesus will make everything wonderful, when the time is right! He loves you and everyone so much!

Once those in the world get many years to learn God's new ways, and learn how to have a peaceful world again, and how to live in love, God will give the Earth a "makeover". God's going to remake or recreate the surface of the Earth.

God's going to take away anything that is left that shouldn't be part of the world—any remaining pollution, and any things that some naughty people might still be trying to make and do that aren't Godly.

The whole world will be made clean and fresh again—even the sky and atmosphere will be clean and beautiful again. And only the people who want to live in God's way will be allowed to be on the New Earth.

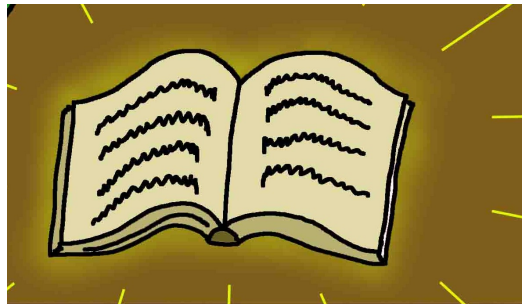

God will put an end at last to the troubles caused by His Enemy—the one who got Adam and Eve to eat the fruit in the Garden of Eden and brought so much evil, sin and death into the world. God's going to take away the trouble and troublemakers at last.

All those who have continued to refuse to love God and His ways and only want to ruin God's creation and harm His people, will be gone, and unable to cause us any more problems.

God is very patient and is giving everyone a long time to choose to do right rather than wrong; to choose love rather than hate; to choose peace rather than fighting.

But those that instead follow in the horrible ways of God's Enemy, even after one thousand years of giving them a chance to change during the Millennium, will not be allowed to be around anymore.

God is keeping a record of what everyone is doing with their lives, and the only ones that will be allowed to live forever are the ones He writes down in His "Book of Life".

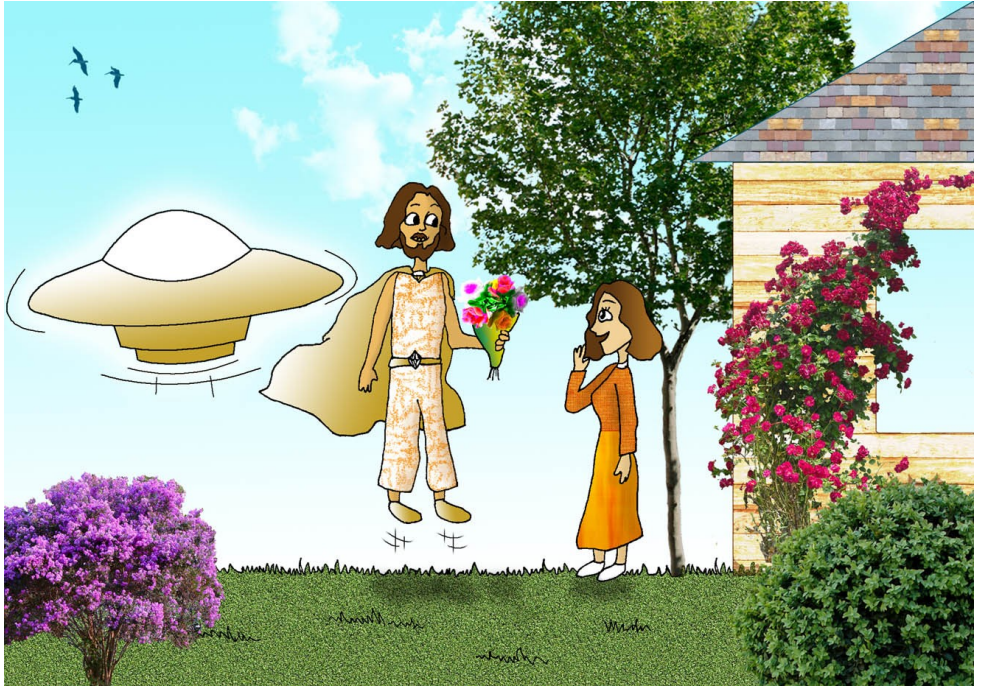

Then, like a surprise at the end of a birthday party, the big and beautiful gift of the Heavenly City will come down to the New Earth, for all to see. How thrilling and wonderful! It's God's City, and He'll be the King of all.

The King of Love, God Himself and His Son Jesus, will be totally in charge. God will be with people, talk with them, and be there to help everyone. Isn't that love?

Doesn't that show you how much God loves you? He loves people and wants to be with them.

God realizes that people need Him around too, to make the World the best place ever.

Are you glad that you can be a part of God's Kingdom? And you can look forward to a time when all the world will know and love Him, and be filled with His love!

Who knows what will happen then, when the Earth is made new and God is reigning as the King? I guess we'll just have to wait to find out! I'm sure God's got lots of ideas.

Maybe those who have had very difficult lives now, yet tried to do the right thing, though they never had the chance to hear about Jesus and His gift of Salvation, perhaps they will be allowed to live a full and good life on the New Earth.

Maybe they, with God's help as the King, together with us, will set up a better world. I wonder what the world will be like then.

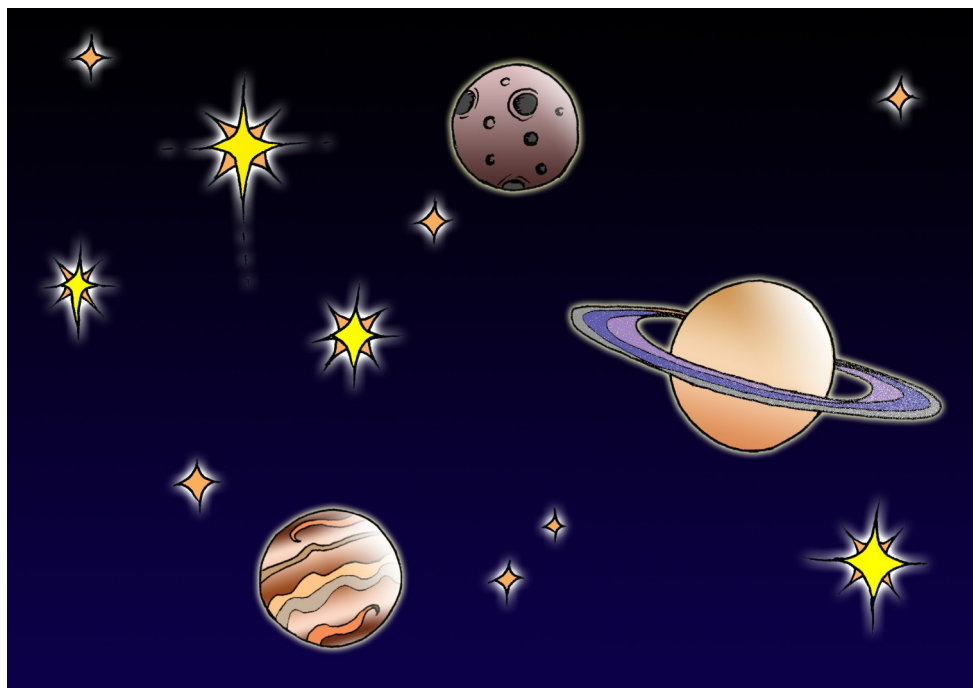

With people and animals all living happily and gently together, and the climate of the world changing to be always pleasant—perhaps animals like dinosaurs can once again live and grow big and thrive on Earth.

This time they will be friendly to people and to all—and people will be kind and at peace with the animals and nature as well.

Roses and plants won't have thorns; nothing will be poisonous; animals will all be friendly and respectful; people will live forever; and only good inventions thought of.

I wonder what secrets God will tell the people on Earth then, and the discoveries He will help them make?

And for us who love Jesus, well, we'll get to go to so many places and do so many things.

Do you want to check out a distant galaxy or find out what it really is like on the other side of the universe?

With your Heavenly body, and an eternity to learn and discover and explore and help others, you'll be happily busy doing amazing things you only dreamed of—and many things that have been beyond your wildest dreams and hopes!

Do you have the permission to enter Heaven and live forever with God?

Ask Jesus for it! Then you'll get to taste the many fruits from the "Tree of Life" that is now in the Paradise of God—Heaven!

***The future is exciting, eternal and wonderful for those who love Jesus!***
